

# What Grows Where ?

## Soils and Plant Communities in the Algarve *Grupos de plantas e os solos no Algarve*

An Illustrated talk by  
**Marilyn Medina Ribeiro**

Saturday 23 September  
10.30 – 12.30

**ALL WELCOME – TODOS BEM-VINDOS**

**Sala Polivalente, Municipal Library  
(Biblioteca Municipal) Loulé**  
**Entry Free / Entrada Grátis**

Learn more about creating a beautiful garden in harmony with your soil and the plants it will support. Discover how this understanding of our soils and plant communities will help you to improve and enrich your garden and save water.

*Palestra em inglês e discussão adicional também em português.*  
Talk in English and discussion session also in Portuguese.

**Marilyn Medina Ribeiro** is Plant Adviser to MGAP. She has worked in nurseries, parks and private gardens and now lives in the Algarve, where she has managed hotel gardens and native plant gardens. She now runs her own company designing and building sustainable gardens and landscapes. ([www.waterwisegardens.com](http://www.waterwisegardens.com))

Native plant seeds & books on Mediterranean gardening will be on sale  
Parking available next to the library
