#### Who are we ?

We are a group of people who have an interest in mediterranean horticulture, gardens and plants. Some of whom have a residence in a Mediterranean country and others who do not but have a love of these places and their cultures. We are also part of the wider network of likeminded people from around the world.

#### What can you do ?

Promote and share interest and knowledge in mediterranean plants and gardening, particularly in climates relevant to this theme. This includes aspects of education and research with environmentally friendly ethics as a major goal.

Participate in events and joint events with other international groups. This includes garden visits, field trips, educational visits, demonstrations, lectures and social events.

Promote a friendly, sociable and democratic relationship between our members and those of other geographical groups with the same interests.

All information is normally distributed via email but can also be posted on request.

Annual subscriptions are payable on 1<sup>st</sup> January. New members joining after 1<sup>st</sup> October will be enrolled as members for the following year.
